Youth Mentor

7. Job Description: \*

Our mentoring program matches responsible adults with youth who are going through the restorative justice process, or are otherwise at risk. Youth mentors are paired with a youth for a period of one year and with a monthly time commitment of at least six hours. During that time the mentor and mentee do activities of mutual interest together in order to build a relationship and provide support to the youth. Having a mentor during difficult times in life can help equip youth with life skills that can be used to shape their future. A mentor acts as a positive role model in a youth's life; supporting, encouraging, and inspiring.

Should a student choose to participate with your organization, we ask that you provide them with opportunities to learn and grow in both skills and confidence in who they are as a person, as well as giving them a rich mentorship experience.
